

The Boys #23

Theyre outcasts. Renegades. Rogues. Outsiders. Theyre the worlds most profitable superheroes. Theyre the G-Men. But all is not well with mysterious millionaire John Godolkins band of misfits. Silver Kincaid, one of the original G-Men, has just committed suicide in the most public and grotesque way possible. Thats not good news for Voight-Americans number on franchise, with G-Force, G-Coast, G-Style, G-Wiz, the G-Brits, and the G-Nomads all depending on their slice of the G-pie! Theres far too much at stake for anyone to go poking around the G-mansion now. Who knows what dirty secrets might be waiting down there in the dark? So its just too bad that Butcher, Hughie, Mothers Milk, the Frenchman, and the Female have decided to do precisely that. Even if they risk finally biting off much, much more than they can chew! A storyline so big that Darick Robertson and other big-name creators will be providing alternate covers for begins here!
